THE FUTURE OF SMART LIVING

NGTECO BRAND

Company Profile

Established in 2018, NGTECO's primary objective is to offer smart & secure facilities with its hybrid biometrics & computer vision technology for home use and small & middle-size business applications. Its innovative products perfectly fit in and help provide smart IoT solutions with high performance and affordable prices. NGTECO empowers a global eco-partner service program to create a more connected and convenient platform and build an enjoyable IoT ecosystem.

Brand Story

NGTECO standing for Next-Generation Technology, aims to explore various market segments with its cutting-edge biometric technologies and IoT concepts plus techniques to upgrade user experience of home-use electric and security appliances, and lead the trend of mobile application and terminal interaction. NGTECO dedicates itself to protecting your loved ones anywhere, creating a seamless experience with easy setup of smart devices, and sharing connected products and services at affordable prices.
